# Lending Criteria

## Buy to Let, Legacy Residential & Residential

- If you have a mortgage product with TMW that is either approaching maturity, has matured or has a switch to fix facility, you may be able to switch to another mortgage product, subject to eligibility criteria.
- Eligibility for this range of products is subject to no mortgage arrears and the mortgage has not been in arrears in the last two months. Customers subject to a Bankruptcy Order or Individual Voluntary Arrangement (IVA) are not eligible to complete a product switch until their bankruptcy or IVA is discharged and the trustee has confirmed they no longer hold an interest in the mortgage.
- Product switches are subject to an indexed property valuation. This will be used to determine the current loan to value for the purposes of product selection. Results are based on movements in prices in the regions of the UK rather than in specific towns and cities. The data is based on movements in the price of a typical property in the region, and cannot take account of differences in quality of fittings, decoration etc.
- Please note, if you are switching Legacy Residential products we will offer you a product on the same basis as your original application.
